Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon.

Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., (Ex. Financial Secretary International Brotherhood of Teamsters), 2208 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles affected a complete cure and gladly do I recommend it."

Dr. Pierce's Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver or sluggish Bowels.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. | Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

FAKE DIAMONDS.

Judge McMahon, in General Sessions in New York, yesterday instructed acting District Attorney Nott to call the attention of the grand jury to the practice which many pawnbrokers have adopted of substituting fake diamonds for valuable stones pawned with them. Only a few days ago Arthur Yost was arrested for having stolen diamond earrings worth $100 from Rose Goldfish. Yost pleaded guilty before Judge McMahon and was sent to the Elmira Reformatory. He told the police that he had pawned the earrings at Louis Rosenberg's pawn shop. Rosenberg was summoned and ordered to turn the earrings over to Mrs. Goldfish. Mrs. Goldfish got back what she thought were her earrings. When she went home that night she began to worry. The diamonds did not sparkle. She became suspicious, and examined them by the gaslight. They looked all right as to size and shape, but there was not the same luster.

The next day she consulted several jewelers. They told her that she had pieces of glass for diamonds. Then she went to the jeweler from whom she bought her earrings, and he informed her that she had the cheapest kind of glass in the earrings. Without getting any more advice Mrs. Goldfish carried her story to Judge McMahon. He sent for the pawnbroker. Rosenberg has been in business a number of years. He said he had given the thief $25, and that he had been fooled, too. He thought the pieces of glass were real diamonds, he said.

Judge McMahon said:

"A short time ago a friend of mine who stops at the Manhattan Club lost a pin worth $1,800. He told me about it, and I had the detective bureau make an investigation. A bellboy was suspected and arrested. He admitted his guilt and told where the pin had been pawned.

"The pin was cheerfully returned to my friend, who identified it as his property, by the pawnbroker. He was mightily pleased over getting the pin back. He decided to be more careful of the pin, and one day went to a jewelry establishment to have the stones, a diamond and emeralds, tightened in their settings. Great was his shock when he was told by the jeweler that very good imitations had been substituted for the originals."

When the news got along Broadway last night that an investigation would be made there was a good deal of worry among the sports who have had their "uncles" minding headlights during the summer. It was noticed that a number of persons were seeking information from the jewelry stores that keep open after hours.

To Honor the Virgin Mary.

In accordance with his annual custom, Michael Brochino, who lives near Baltimore, will hold a celebration today at his home in honor of the Virgin Mary, to whom he gives the credit for his escape from death 36 years ago. Brochino, who is 54 years old, came to America from Italy 19 years ago. He was born near Naples, and when 16 years old had an illness which threatened to terminate fatally. For many months he was tortured by an intermittent fever, and the physician gave the family no hope of his recovery. August 23 of the year of this illness he had not slept for three days and lay wishing for death. Brochino says that as he prayed for death to end his sufferings his gaze became suddenly fixed on a large painting of the Madonna, which hung in his room. He looked on the picture for a long time, and at last the soulful eyes of the Virgin seemed to grow even more tender and the lips to breathe compassion upon him. Soothed and relieved he fell asleep. He slept for 24 hours and when he awoke he called for food. He recovered rapidly, and in a few weeks was up and about. He then formed a resolution that August 23 of each year he would hold a celebration to the Virgin in gratitude. So far he has never failed to keep his vow, and every anniversary of the beginning of his ceremonies which usually end with a parade, at the front of which is carried a picture of the Madonna, Brochino will have an Italian band to furnish music for the occasion and his home will be profusely decorated with lanterns.

A Singular Case.

Physicians yesterday pronounced dead 30-years-old John Emenheiser, of East Prospect, near York, Pa., who fell into an abnormal slumber last Wednesday, from which he was not aroused. Emenheiser's relatives refuse to believe the man dead, and will keep his body until next Saturday before putting it in the grave. When the interment is made an apparatus will be used by which air will reach the coffin in the event that Emenheiser awakes from a slumber that, to all appearances, is death. Watchers are sitting by the young bachelor's body and will reman day and night, being relieved every four hours. They will watch closely for any signs of life which the supposed dead man may manifest. Emenheiser was in apparent good health at noon on Wednesday, when he went to his bed to indulge in a before-dinner nap. Profound sleep came upon him, and his case caused much marveling among the physicians.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Cowhided by Jealous Wife.

Flourishing a rawhide whip, which she snapped viciously through the aisles of a big department store in Asbury Park yesterday morning, Mrs. Emma Cohen, wife of a local business man, rushed to the stationery counter, and, leaning over, struck Miss Emma Stager, one of the prettiest saleswomen in the store, a stinging blow on the shoulder. "Will you let my husband alone?" she screamed, and the whip, with a whirl, landed a fresh blow on the young woman's head. A third time she wound the whip about the face and shoulders of the young woman and then bystanders interfered. During Mrs. Cohen's absence in New York somebody wrote her a letter, in which Cohen was referred to as a recreant spouse, who was giving more time and attention to the pretty saleslady than prudence and a proper conception of his married state would justify. Mrs. Cohen was told that she had better come right back to Asbury Park. She did so and the episode of yesterday resulted. After the chastisement Miss Stager refused to admit even a passing interest in Cohen, but she promises to pay her respects to the wife later on Miss Stager's face was badly lacerated.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, AUG. 23, 1905.

VOX POPULI.

THE long anticipated primary election has been held and the unmistakable voice of the people has declined the proffered services of Governor A. J. Montague to represent Virginia in the United States Senate. Senator THOMAS S. MARTIN will therefore succeed himself and add at least six more years to his past services in behalf of the Old Dominion. There never has been any reason why this should not have been the case. His record has been laid before the voters of the State during the past few months, and it has been studied from every standpoint by friends and foes; hence it is unnecessary to thresh it over again. The majority of the people have signified their desire that he continue his services. This is an end of all controversy. The Legislature will affirm the action of the people. In this connection it may be observed that the impression on the part of some that Mr. Martin would not appeal to the people as he has on other occasions to their representatives proves to have been the veriest of all hallucinations. During the late canvass Senator Martin has ably answered every objection brought against him by Governor Montague and his champions, and the flimsy structure upon which the criticisms of the Governor has been based has been swept away as chaff from the summer threshing floor. The warfare made upon the Senator by his would-be successor, while a party struggle and which should have been conducted as a family matter, was not at all times what it should have been. There were instances when the strictures savored of bitterness and some utterances tended but little toward making votes for the Senator's opponent. There seemed at all times to have been a gladiatorial spirit and a thirst for a combat upon the stump, where the contestants would merely demonstrate who possessed most oratorial powers. Such an arena would not have displayed the mentality of either to advantage, as bitterness would probably have cast into eclipse the worth of both contestants. Besides we live in a day when a man's worth is not measured by his volubility, but by his actual usefulness and good judgment which counts more than Fourth of July orations or speeches at county fairs. There is no intention of minimizing Governor Montague's worth as a public servant. He has made a good Governor and would doubtless have represented the State in the Senate in a creditable manner. He, however, would be no improvement on Mr. Martin, and a majority of the voters have invited the latter to continue in his present position.

ALL THINGS COME TO HIM WHO WAITS.

HON. CLAUDE A. SWANSON was yesterday nominated as the democratic candidate for Governor of the State of Virginia. Capt. Joseph E. Willard and Judge W. H. Mann, were his opponents. Alexandria repeated the act of four years ago by rolling up another majority for Mr. Swanson. In 1901, however, it was not the will of the democratic party of the State that he should be the standard bearer, and when his services were declined he did not sulk in his tent, but went from place to place making speeches in the interest of A. J. Montague and against the late J. Hampton Hoge, the republican nominee. His services have been justly recognized by his party, and he is now their nominee. The career of Mr. Swanson is interesting and is another illustration of the opportunity afforded by our free institutions for the country boy, minus ancestral lustre or fortune, to make his way to prominence by his own energy and genius. A public man almost from his entry into manhood, he was soon in the front rank of Virginia's representative men, and for fourteen years has been a prominent figure in the Congress of the United States. He will fill the gubernatorial chair with honor to himself and the people he will represent. His many friends in Alexandria, who have on two occasions manifested their appreciation of him, rejoice with him in attaining the position for which he told us a few weeks ago he had entertained an honest ambition ever since his boyhood days on a Virginin farm.

SERVICES APPRECIATED.

THE selection of Mr. J. Taylor Ellyson as the democratic candidate for lieutenant governor of Virginia is another evidence of the gratitude of the people toward a man who for years has devoted his time and services to the welfare of his party. He has been at the helm of the organization a long time, and has ever shown his peculiar adaptibility as an organizer and leader. The democratic party has done well in showing their appreciation of his labors.

TO CONTINUE IN SERVICE.

MR. JAMES R. CATON is to continue to represent Alexandria city and county in the House of Delegates of Virginia, according to the will of a majority of the voters as expressed yesterday. This is a just appreciation of his services during past years as a legislator. Mr. Caton has worked in season, out of season for his constituents and State, he having entered the House of Delegates at a time when it needed a man thoroughly conversant with the needs of the people and with the natural and acquired ability of a representative.

MANY of those who so strongly advocated the "primary plan" now think that it was a most injudicious move.

THE defeated candidates all made a gallant canvass and can now pick their flints and try it over again.

THE primary is over—now let all democrats work for and elect the ticket by a rousing majority.

GOV. MONTAGUE now goes back, back, back to the people.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., August 23.

Secretary Bonaparte, has turned the Bennington court of inquiry report over to Capt. Diehl, judge advocate-general of the navy. The secretary will have a conference with Capt. Diehl later upon the subject of action to be taken on the court's recommendations, principally that relating to courtmartial proceedings against Ensign Charles T. Wade. "President Roosevelt has requested a report upon the Bennington disaster," said Mr. Bonaparte, "and it will be prepared and sent to him in the next three or four days." It is more than likely that some change may be made in the engineering department in the navy as a result of the Bennington explosion. The former institution in the navy known as the engineer corps, composed of boiler and engine experts, which gave way to officers of the line detailed for engineer duty, may be revived. Since the catastrophe at San Diego critics of the present system have been active in recalling the arguments made against the abandonment of the old policy of employing civilians with special experience with marine boilers and engineers. This aspect of the question may occupy a prominent place in the information now being prepared for President Roosevelt.

Changes have been made by the Navy Department in the programme of entertainment for Prince Louis of Battenburg and his officers and men of the British cruiser squadron which will visit the Atlantic seaboard this autumn. The first plans contemplated the principal festivities taking place at New York early in October. It was announced today that the squadron will be received at Newport, R. I., in the latter part of October or early in November. While the social season will have closed by that time at the Rhode Island resort, the magnitude of the occasion will probably cause a sort of after season and the British officers will find plenty doing. The ships will probably visit New York and the American sailors may still have a chance to spend some of the $10,000 contributed by the crews of the North Atlantic squadron as an entertainment fund showing their British blue jackets the Bowery and Broadway.

The Navy Department has determined to hold the final John Paul Jones obsequies April 24, 1906, the anniversary of the great sea captain's defeat of the British ship Drake. Secretary Bonaparte has conferred with Admiral Sands, superintendent of the Naval Academy, and preparations are already afoot for the celebration. It was found inexpedient to hold the final ceremonies this fall, although the 23rd of September, the anniversary of Jones's greatest achievement, the sinking of the Serapis, was considered as an appropriate date. A French squadron will visit Annapolis for the celebration.

Prof. E. M. Freeman, of the University of Minnesota, has been employed by the Bureau of Plant Industry to devote his entire time to the study of rusts of the cereal crops and grasses. He has won a reputation for investigations of this kind both in Minnesota and in Oxford, England, where he did graduate work. His headquarters will be in Washington.

Democrats here today from Virginia say that a strong ticket was nominated at the primaries in that State yesterday and that it is conceded that all the candidates nominated will win.

Some people here from Virginia say they believe Governor Montague will at the end of his term go to New York and enter into the practice of law in that city, but this belief is not generally entertained.

Woman Murdered in Chicago.

Mrs. S. E. Mize, of New York city was murdered last night by a robber while taking an evening walk in one of the fashionable residence districts of the south side.

For the greater part of the summer Mrs. Mize has been a guest at the Del Prado Hotel, which fronts on the Midway Plaisance. Last night in company with Mrs. E. F. Wilson, of Las Cruces, N. Mex., also a guest of the hotel, she went out for a short walk. They had reached the corner of Fifty-ninth street and Washington avenue, two squares from the hotel, when they were confronted by a man who demanded their money and valuables.

All along Fifty-ninth street and on Washington avenue people were sitting upon verandas and in the front yards of their residences, and Mrs. Mize, evidently expecting help from some of them, vigorously attacked the robber, at the same time calling loudly for help. Mrs. Wilson turned and ran back toward the hotel. The side of Mrs. Mize's white shirt waist was scorched by the flash of the revolver, and it was the opinion of the police that the man thought Mrs. Mize intended to hold him until aid arrived and shot her down to escape possible arrest.

Mrs. Mize had been a guest at the Del Prado Hotel since July 25. Her husband died about a year ago in New York, and since then she had been dividing her time between Chicago and New York.

Corner Stone Laying.

Portsmouth, Va., Aug. 23.—The cornerstone of the new 600-foot dry dock in the Norfolk navy yard was placed in position this morning, with appropriate ceremonies. The new dock is under construction by John C. Rodgers, of New York.

Three persons were killed this morning in a head-end collision between Union Pacific freight trains east of Rossville, Kansas.

Virginia News.

Seventeen bodies have so far been taken from the recent drawbridge wreck near Norfolk.

Mr. Walter Carver, of King George, died at his home, near Rosita, Saturday night after a long illness.

Mrs. Benjamin Frazier, aged about 47 years, died at her home, near Brand, Page county, Monday night.

Gideon Hoake, one of the oldest citizens of Page county, died Monday night at his home, near Ida. He was about 85 years of age.

The Blues Battalion, of Richmond, has been attached to the Seventy-second Regiment for the encampment at Basic City, and will leave today for the rendezvous.

Judge John D. Horsely fell down the steps at the Academy of Music in Lynchburg Monday night in trying to save an old gentleman who had fallen. The judge fractured his cheekbone.

Prof. Richard Herndon Rawlings, aged 78 years, died yesterday at Carlton, near Monticello. Mr. Rawlings had a varied career as educator, editor, soldier, politician and benefactor. He was a native of Orange county.

H. J. Fraley, of Rappahannock county, is dead at home near Sperryville. His death was due to typhoid fever. There are several other members of his family confined to bed with the same disease, which has become epidemic in that neighborhood.

As a sequel to a fight Monday afternoon with Contractor C. N. Goodwin, Police Commissioner Chris- Manning was yesterday in Richmond arrested and bailed for his appearance in the Police Court today. The affair was the result of the bitter feeling engendered by the frauds in the recent primary.

Early yesterday morning fire was discovered in the old Marye mansion on Marye's Heights overlooking Fredericksburg, which was used by General Lee as his headquarters during the battle of Fredericksburg. The fire was confined to the garret, damaging the property to the extent of about $600; origin unknown. The property is owned and occupied by Captain M. B. Rowe.

Messrs. Davis & Davis, Washington patent attorney, report the grant this week, to citizens of this state, of the following patents: George H. Brown, of Norfolk, for a ventilated barrel; James R. H. Curtin, of Alexandria, for a sash-weight; Walter H. Gay, of Richmond, for a thread-cutter thimble; William J. Sterling, of Norfolk, assignor of two-thirds to A. S. J. Gammon and C. C. Graves, for molding apparatus; Harry N. Tennille, of Manchester, for a pug-mill; John H. Wine, of Elkwood, for a milk-can closure.

RAIN, WIND AND HAIL.

A dispatch from St. Paul, Minn., says that devastation, terrible and complete, was wrought on all sides of the Twin Cities by the storm of Sunday night. Through all the region from Anoka to Fillmore counties reports tell of disaster and loss of life and property. Members of families are missing, and it is believed they are buried under the debris which was strewn broadcast by the wind. Many instances of maiming are reported, and the total loss of life will not be known for some days. Crops which had been cut and ready for threshing suffered in many places, and standing corn was damaged by hail and wind. Hailstones several inches in circumference worked havoc with the crops in some sections. Large sections of railroad tracks were swept away. In some of the farming localities the grain was stripped from the stalks even in the shocks by the furious wind and rain, and haystacks were completely demolished. Huge trees which have successfully withstood the storms of years were uprooted and hurled before the wind, and barns and other outbuildings and crops were completely destroyed. The damage done to buildings and crops in the southern counties will reach many thousands of dollars. All sections report that the storm was cyclonic in its nature, and from some points reports tell of a funnel-shaped cloud that descended with the most intense fury, leaving destruction in its path.

A terrific electrical storm, accompanied by a deluge of hailstones of enormous size, broke upon Schenectady, N. Y., yesterday afternoon. The storm came almost without warning, and the temperature dropped 15 degrees in less than five minutes. The hailstones, which varied from the size of the ordinary marbles to pieces of ice as big as snowballs, came down at a sharp angle directly out of the west. Windows were smashed as if bullets had been fired through them, and the broken glass was in many instances hurled across the floors of buildings. There is scarcely a building in town with a western exposure but has windows broken. Bushels of hailstones were gathered after the storm, which lasted only 15 minutes. One picked up at the city pumping station by actual measurement was four and one-quarter by two and five-eighths inches in dimension, and is supposed to be the largest on record. The hailstones were of a peculiar formation, the larger ones being of concave shape with sharp upturned edges. These edges were sharp and the stones were hard as flint, cutting the flesh like a knife. Many persons were out, and several horses struck by the stones ran away and added to the general excitement which prevailed. Advices from the country districts say the hail did great damage to the fruit crops, trees and flower beds.

National Association of Manufacturers.

Twenty-one prominent manufacturers from different parts of the country are named as directors of the National Association of Manufacturers of the United States of America, which was incorporated in Albany, N. Y. yesterday, for the principal purpose of regulating relations between employers and employes and dealing with labor unions. The certificate states that the organization is formed for the "betterment of relations between employer and employe; the protection of the individual liberty and rights of employer and employe; the education of the public in the principles of individual liberty and ownership of property; the support of legislation in furtherance of those principles and opposition to legislation in derogation thereof" also "to secure freedom from unlawful and unjust exactions." The principal office is in New York.

THE ELECTION.

The following ticket was nominated in the Virginia democratic primaries yesterday:

For United States Senator—Thomas S. Martin (to succeed himself).

For Governor—Congressman Claude A. Swanson.

For Lieutenant Governor—J. Taylor Ellyson.

For Attorney General—W. A. Anderson (renominated).

For Superintendent of Public Instruction—Joseph D. Eggleston, jr.

Secretary of the Commonwealth D. Q. Eggleston, Commissioner of Agriculture George W. Koiner and Treasurer A. W. Harman, jr., were on July 22 declared the nominees for their respective positions, no one having appeared against either of them.

The vote polled does not indicate that there was that deep and universal interest in the contest that was believed to exist. In the cities and towns it was a fairly large vote. In the rural districts it was in the main a small vote. The farmers were not stirred as they appeared to be. The total vote in the State was about 95,000.

Senator Martin carried every district, a great majority of the counties, and all the cities in the State except Staunton and Manchester. His majority will be between 15,000 and 20,000.

For Governor, Congressman Claude A. Swanson is winner by about the same plurality, Lieutenant Governor Willard not having made the run that was expected by his friends and supporters. State Senator William H. Mann was a considerable factor in the fight, because of the support tendered him by the temperance element.

J. Taylor Ellyson, chairman of the State democratic committee, won over J. Alston Cabell, of Richmond.

Joseph D. Eggleston, jr., of Prince Edward county, was nominated for superintendent of public instruction, defeating by a large vote George H. Hulvey, of Rockingham county.

Attorney General W. A. Anderson was renominated for that position, his opponent, Judge S. W. Williams, of Wythe, being defeated by a decided vote.

Richmond city was the hottest battle ground of the State, and the result was close, Martin receiving a majority of 101. The total vote was 4,752, divided as follows; Martin 2,392, Montague 2,291, Mann 900, Swanson 1,181, Willard 2,015, Cabell 2,740, Ellyson 1,941, Anderson, 3,535, Williams 1,185, Eggleston 3,930, Hulvey 776.

The vote for Senator in Lynchburg was: Martin 755; Montague 704. For Governor—Mann, 504; Swanson, 497; Willard, 465.

Norfolk gave Martin a majority of over 400 and Portsmouth about 300.

In Fredericksburg Martin received a majority of 217 over Montague. For Governor, Willard received 186 votes; Swanson, 166; Mann, 57. Willard's majority over Swanson, 20.

Eighteen precincts out of nineteen in Fauquier county give Martin 887. Montague 436, Swanson 595, Mann 172, Willard 607. M. M. Green is re-elected to the House of Delegates by about 100 majority, defeating A. D. Kelly and S. J. M. Price. Dr. J. N. Cochran is elected floater from Loudon and Fauquier by about 200 majority, defeating J. A. Downing. Willard will have about 25 majority in the county. Senator Martin's majority in Warrenton is 138.

The following is the result of the vote in Loudoun county: Martin, 741; Montague, 905; Mann, 38; Willard, 623; Swanson, 713; Ellyson, 722; Cabell, 254; Anderson, 844; Williams, 190; Eggleston, 521; Hulvey, 227. For State Senate, B. W. Lynn, 521; J. R. Daniel, 443; George T. Ford, 268, and Ernest Leith, 388; for House of Delegates, F. M. Love, 984, and A. B. Shreeve, 574.

Herndon district, the largest in Fairfax county, gives Swanson a plurality of 173 votes over Willard. The town of Herndon itself gives Willard a plurality of ten votes over Swanson. The other four precincts in Dranesville district give Swanson a heavy majority over Willard. Walter T. Oliver concedes the election of R. E. Lee to the legislature by seventy-five votes. Indications point to Willard having carried Fairfax county by about 475 and Martin by about 3.

Harwood precinct in Stafford county gives Martin 50 majority. Willard over Swanson and Mann, plurality of 45. Falmouth precinct, same county, gives Martin 15 majority and Willard 14.

Swanson carried Culpeper county by about sixty majority. Martin by 150 majority.

Louisa county gave Martin a fine majority.

Prince William county will give Montague for the Senate and Willard for Governor small majorities.

Six precincts of the seven in Orange county give Martin 249, Montague, 171; Swanson, 160; Willard, 156, and Mann, 118.

Montague has carried Warren county by about forty majority. Swanson has probably carried the county by about fifty majority.

Returns from five out of nine districts in Clarke county give Swanson 184, Willard 131 and Mann about 100. Martin is said to have the lead.

In both wards of the city of Winchester Montague has doubled the vote of Martin. Out of a total vote of 896, Montague has a majority of 127. Returns from 10 of the 19 precincts of Frederick county indicate that Montague has carried the county by a small majority. The two city wards give Swanson, 59; Willard, 207; Mann. 121. Returns from Frederick county indicate a good plurality for Willard. The election of Richard E. Byrd to the House of Delegates is assured. Mr. Byrd's opponent was United States Commissioner Alvin J. Tavenner.

Thirteen of the 28 precincts heard from in Shenandoah county give Martin 85 majority over Montague and Swanson 125 majority over Willard. Martin will carry Shenandoah county by 175 and Swanson by 225.

Montague carried Harrisonburg by 54 majority. Swanson by 40.

Charlottesville gives Martin a majority of 341, and Mann a majority of 83. Fourteen out of twenty-three precincts in Albemarle county give Martin a majority of 743. The remaining precincts in the county will increase Mann's majority to 1,050, making his total majority in Charlottesville and Albemarle slightly less than 1,400. Mann will win in the county by a small margin. Martin's estimated majority in the Seventh district is 3,000.

When the result became known last night, Senator Martin said:

"When the campaign commenced the cry of my competitor was 'Back to the people.' We have been back to the people, and I am satisfied with the verdict of the people. The earnest, able, and unselfish assistance of my friends is most gratefully appreciated. To the people of Virginia I feel drawn nearer and closer than ever, and the vindication they have given me not only intensifies my sense of obligation, but will stimulate me to greater efforts in endeavoring to advance and promote the best interests of the State."

Gov. Montague declined positively last night to make any statement for publication.

Today's Telegraphic News

The State Election.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Aug. 23.—Few additional returns from yesterday's primaries had reached the city at noon today. Enough is known, however, to justify the statement that Senator Martin carried every congressional district in the State with the possible exception of the Sixth.

Senator Martin's majority is estimated at about 15,000, and it may go higher. Congressman Swanson's plurality is probably in excess of 10,000. Headquarters of the winning candidates are in a state of happy confusion and congratulatory telegrams have poured in by the hundreds all day.

The surprise was the poor showing made by Lieutenant Governor Willard. While it was generally conceded that Swanson would be the nominee, it was believed that Willard would poll a much larger vote than he did.

The Peace Negotiations.

Portsmouth, N. H., Aug. 23.—Peace between Russia and Japan is assured if the Mikado's government makes at today's session of the plenipotentiaries the concessions which it contemplates. Japan's proposition is this:

If Russia will buy from her the Island of Saghalin, which is now in possession of her army, Japan will waive all claims for a reimbursement of her war expenditures; relinquish her demand for the surrender of the interned Russian ships; and her proposition for the limitation of Russia's naval strength in the far East.

These have been the only questions in dispute. It is due to the intervention of President Roosevelt that the modification of Japan's original demands has been determined upon. Her first proposal was to sell half of Saghalin to the Russian, retaining the other half. This offer was spurned by Russia for the reason that such a division of territory would inevitably lead to dissensions in the future.

After several days of waiting for assurances from Russia that a further modification would receive proper consideration, Japan decided to relinquish the demands which have met with such unalterable opposition from the Russians if the Czar would agree to purchase the entire island at a price to be agreed upon later.

The envoys of Russia and Japan resumed their conferences this morning. When they adjourned last Friday afternoon apparently almost hopelessly divided, many things have happened and much has been accomplished towards reconciling their differences. It is felt that they are not so far apart now but that there is good warrant for the expectation that a peace treaty will be the eventual outcome of their deliberations. Mr. Denison, of the Japanese mission, is authority for the statement that it will take an hour, and possibly two, for the reading of the protocols and their signature by the respective envoys. Probably, therefore, little more will be accomplished at the morning's sessions, and the presentation of Japanese concessions from her original peace conditions may not be made until this afternoon or even tomorrow.

Portsmouth, N. H., Aug 23.—Russia's decision not to accept the principle of article No. 9, of the Japanese peace terms, which provides for the payment of Japanese war expenses, is irrevocable. This attitude of the envoys, it is understood, is based upon a message from the Czar to M. Witte, received early this morning, directing the Russian plenipotentiaries to resist all attempts to secure Russian endorsement of the principle of indemnity under any guise whatever. Before the Russian envoys will treat for the purchase of the island of Saghalin, or the reimbursement to Japan for the cost of keeping the prisoners of war, Japan must withdraw, without condition, her demand for repayment of the cost of her military and naval operations. There is no middle ground. It must be one thing or the other. If further negotiations are to be pursued, it will depend upon the attitude of the Japanese envoys. The elimination of this article from the peace negotiations would relieve Russia of the charge that she had purchased peace by the payment of indemnity.

Japan, it is believed, has received unofficial assurances this morning, that if she will relinquish this demand, Russia will at once take up the questions of cession of Saghalin and the surrender to Japan of the Russian interned warships. This will leave the official record clear of the question of Russian connivance at the concealment of the principle of indemnity involved in the proposed sale of the island of Saghalin.

With the decks thus cleared for action, it is understood that Russia will agree to pay Japan any reasonable sum for the reconveyance of the island which she now holds by conquest; for the expense of maintaining the Russian prisoners, which is recognized as a perfectly proper charge, and for certain special privileges in connection with the operation of the Chinese Eastern and the Manchurian railways.

Portsmouth, N. H., Aug. 23.—M. Witte announced this afternoon that the protocols were read and corrected at this morning's session and the conference then adjourned until 2 o'clock this afternoon.

It is the intention when this afternoon's session adjourns, not to meet again until Saturday in order to give time for further communication with both Tokio and St. Petersburg.

St. Petersburg, Aug. 23.—The Czar granted a special audience to Ambassador Meyer this afternoon. While the purpose of Mr. Meyer's call upon the Russian Emperor is not definitely known, it is presumed that it has some important bearing upon the peace negotiations at Portsmouth in connection with the effort which President Roosevelt is making to prevent the meeting from breaking up unsuccessfully. It is believed that Mr. Meyer was the bearer of a message from President Roosevelt to the Czar.

"Come Coax Me."

Jersey Shore, Pa., Aug. 23.—"Come Coax Me" was the title of a song which pretty 18-year-old Miss Lola Miller sang at an amateur minstrel performance here last winter. The song made a great hit, and the soloist was recalled for several encores.

But there was one in the audience who was hit quite differently from the others. He was Arthur Hammond. The pleading words of the ballad struck a responsive cord in his heart, and he sought out the soloist after the performance to congratulate her and to admire her at closer range.

Yesterday the song bore fruit in reality, when word was received from Corning, N. Y., that Hammond and Miss Miller had eloped and been married there.

It has since developed that Hammond, after coaxing and winning the hand of the singer, had attempted to coax her father to consent to the marriage, but "Papa" Miller objected because of the tender age of his daughter.

Then there was some more coaxing, clandestine planning and an elopement.

Mr. Hammond and bride have written to the Millers coaxing for forgiveness when they return.

The Taggart Divorce Case.

Wooster, O., Aug. 23.—Brigadier General Miner was on the stand when court opened in the Taggart divorce trial this morning. Miner's admission made late yesterday, that his annual report made at the time he is accused of conspiracy against Captain Taggart contains demerits that should not be in it, and omits merits that should be included, was taken up. Attorneys for Mrs. Taggart asked that the testimony should be ruled out on the ground that Miner's report to the War Department was a privileged communication. The motion was refused by Judge Eason. During the examination that followed Col. Miner denied he had ever pinched Mrs. Taggart's nether limb, or said he would like to call on her when Taggart was not at home. Questioned further, Miner said Taggart's amended divorce petition, filed last spring, charging an officer with misconduct with Mrs. Taggart had helped to convince him that Taggart was still mentally unsound.

Another Quarrel.

Paris, Aug. 23.—It is reported that there has been a serious quarrel between Count Boni de Castellane and his wife, who was Miss Anna Gould, of New York, because the countess refused to yield to the request of her husband to buy the newspaper, the Paris Presse, and allow the Count to blossom out as an editor. In refusing to allow this raid on her fortune the Countless declared that Count Boni has had too many expensive playthings, and she declined to risk more of her money to his management of a newspaper. When the Count appealed to his wife to advance the money for the purchase she declined. She has sworn that she will not give a penny for the purpose. Count Boni is now scouring Paris to find friends who will advance the cash to enable him to buy the paper and assume the role of one of the editors of Paris.

Fires.

Shamokin, Pa., Aug. 23.—Fire of incendiary origin destroyed the big breaker of the Greenough Red Ash Coal Company, at Marion Heights near here, early this morning. The breaker was built five years ago, at a cost of $87,000, and was insured for $12,000.

Huntington, W. Va., Aug. 23.—The West Virginia Box Factory, at Kenova, was burned last night, together with all the lumber and materials in the yards. Loss $50,000.

Oroville, Cala. Aug. 23.—Three firemen were fatally hurt and an entire block of buildings burned early this morning. John Hereston, D. Soski, and Abe Frost may not recover. Some persons are reported missing. Loss $150,000.

Windstorm in Ohio.

Greenville, Pa., Aug. 23.—Jamestown, six miles north of here, was struck by a terrific wind storm last night. The Gibson Opera House was unroofed, and the McCurdy livery barn was partially demolished. Several buildings of the Jamestown Paint and Varnish Company were blown down and many trees were uprooted. Fortunately no lives were lost.

Wife Murder and Suicide.

Vienna, Aug. 23. — Advices from Koenigswald, Bohemia, give the details of a tragedy which was enacted there. A blacksmith who had just been married quarreled at the wedding feast, which was held in the home of the bride's parents, about the amount of her dowry. In a fit of anger the blacksmith shot his bride and then killed himself.

Fire on a Steamer.

Liverpool, Eng., Aug. 23.—Fire broke out in the steerage of the White Star line steamship Oceanic, Captain Cameron, which was scheduled to sail for New York, by way of Queenstown today. The fire was subdued with slight damage to the steamship, and she will sail today, according to schedule.

Yellow Fever.

New Orleans Aug. 23.—The situation in this city is more and more hopeful. The number of deaths for the week ended August 12, was 48; while the number for the week ended August 19, was only 42. There were 57 new cases yesterday and nine deaths. There are 319 cases under treatment.

Recalled.

St. Petersburg, Aug. 23.—Professor D. F. Martens, who accompanied M. Witte to America, and is one of his advisers, has been recalled from Portsmouth, and will return here on August 31.

Mr. George J. Gould was elected acting president of the Wabash system before he sailed on his trip abroad.

News of the Day.

Gen. Leonard Wood announces that he will soon return to the Philippines.

A mule in Talbot county, Md., yesterday caused a $3,000 fire and was itself burned as a result of kicking a lantern from a farmer's hand.

General Miner took the witness stand in the Taggart divorce case yesterday and denied that he had pinched Mrs. Taggart's leg, as charged by her husband.

Rev. Charles Thatcher Pfeiffer, formerly rector of the Church of the House of Prayer, at Branchtown, Pa., today will be married to Miss Alice Anderson Hall, daughter of Mr. and Mrs. J. Barclay Hall, of Germantown. The bride is only 15 years old. Mr. Pieffer is 30 years old, tall and handsome.

Edwin H. Conger, of Iowa, has resigned his post as American Ambassador to Mexico, to take effect October 18 next, and the President has accepted the resignation. The cause is not made public. It is generally believed he has declined Mr. Roosevelt's appointment as special commissioner on the boycott in China.

The Sultan of Sulu's Proposal.

The friends of Miss Alice Roosevelt in Washington are much interested in the offer of the Sultan of Sulu to make the President's charming daughter his Sultana. Those who have lived in the Philippines and know the customs of the natives on the various islands are explaining the offer of marriage by saying that among the Sulus it is considered a great mark of courtesy to propose to a female visitor of distinction, and that the Sultan was only following the custom of his people when he made the proposal of marriage to Miss Roosevelt. He thought he was paying her a great mark of courtesy and distinction. It is said that the Sultan, since the American occupation, has proposed marriage to almost every American beauty who has visited his court. When his offer has been declined he has presented the lady with a magnificent gift as a souvenir of her visit and a token of his regard. It is supposed that he will follow this custom also in Miss Roosevelt's case and present her with some beautiful and rare souvenir. The Sultan is at present greatly interested in the pearl fisheries off the coasts of his islands, and has made a magnificent collection of beautiful and costly pearls, and it is not unlikely that his gift to Miss Roosevelt will be strings of these pearls.

Accused of Murder of Daughter.

The little daughter of Mrs. John Lea, lately a widow by the supposed suicide of her husband, a sawmill man who resided near Cleveland, Tenn., yesterday confessed to her grandmother at Murray, Ga., where she had been sent on a visit, that her mother and James Hix, also a sawmill man, who boarded at the home of the Leas, killed her father. Lea was found hanging by a rope, which was attached to one of the beams of the sawmill, his neck broken. A coroner's jury pronounced him a suicide. Then Hix and Mrs. Lea disappeared. The little girl declares Hix held her father while her mother broke his neck with a weapon, Hix telling her where to strike. The child says they threatened to kill her if she told. Hix has been arrested at Spring Place, Ga., and officers are looking for Mrs. Lea at Sherman Heights, Tenn., where she is visiting.

Peace Prospects.

President Roosevelt sent a special messenger to the Russian delegation of the peace conference yesterday, but everybody concerned denied this had been done. At Oyster Bay it is believed President Roosevelt has found a way to break the deadlock.

It is said Japan may reopen the Eastern Chinese Railway proposition, already accepted by Russia, and suggest an international syndicate for its control, admitting Russia to membership. It is reported the Russians hold an impregnable position in the interior of Sakhalin island, which fact may have weight in leading Japan to modify her demand for the cession of this island.

At St. Petersburg dispatch to a Paris newspaper states the Russian Emperor's council advised peace and the Emperor has prepared a new proposition concerning an indemnity.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago. Martin, Swanson and Caton.

The democratic primary election in Alexandria yesterday resulted in a decisive victory for Hon. Thomas S. Martin to succeed himself as United States Senator, Hon. Claude A. Swanson as Governor, and Mr. James R. Caton as Delegate to the Legislature. The result was announced early in the night and was received with demonstrations of delight by the many who had worked assiduously for the success of these gentlemen. As was stated yesterday, intense interest was shown in the election, although there was no unseemly conduct, the champions of the victorious candidates, while exuberant, kept within the bounds of moderation.

Early in the night the vicinity of the polls became thronged with people anxious to learn the result in the city, and when the figures were announced there were manifestations of approval upon the part of those whose hopes had been realized.

King street, between St. Asaph and Columbus, was later surging with people anxious to hear from the State at large. Up to ten o'clock the dispatches were meagre, but they all seemed to tend one way—towards the success of Messrs. Martin and Swanson. As time went on other advices showed no indications of a turn in the tide, and by midnight it was to all appearances making high for the two candidates. At an early hour this morning newspapers were eagerly sought. They fully confirmed the impressions of last night.

The following is the official vote:

Total vote—First Ward, 286; Second Ward, 322; Third Ward, 234; Fourth Ward, 214. Aggregate 1,056.

Those who conducted the canvass of Senator Martin and Hon. C. A. Swanson in Alexandria city and county left no stone unturned. While in no sense aggressive, they were wide awake to the interests of the gentlemen they championed and the manner in which they set forth the claims of their candidates was minus bitterness or anything tending toward unseemliness. It was a contest within the democratic camp. The candidates were not, as is often the case, compelled to "carry heavy loads." Nothing serious could be urged against either of them. It was merely a choice between gentlemen who had offered themselves as public servants, and it was up to the voters to select the men they preferred. Attempts were made by some in the ranks of the losing parties to start and keep up the baseless cry of "machine politics," but they were weak and in most cases died upon the lips of those who uttered them. So far as could be seen everything was conducted decently and in order. Each of the candidates for the principal offices had the privilege of having a friend in each voting precinct, so that the charge of unfairness cannot be brought by anyone.

Mr. C. C. Carlin and others who had devoted their time and energies to Mr. Martin's cause in Alexandria, received many congratulations, as did also Dr. W. M. Smith and Judge J. K. M. Norton, who have manifested equal zeal for Mr. Swanson.

Most of the defeated candidates are taking the result with good grace.

The Vote in Fairfax.

The following was the vote of Fairfax County at yesterday's primary election: Martin 487, Montague 484, Swanson 243, Willard 717, Mann 43, Anderson 838, Williams 138, Eggleston 514, Hulvey 444, Lee (for the Legislature) 530, Oliver 458.

Tournament.

The annual field day and tournament, concluding with a dress ball, was held at River View yesterday, commencing at 1 o'clock in the afternoon. Twelve knights from the District of Columbia and from the near-by country took part in the tilting. The first prize was won by Lucien D. Love, of Prince George's county, Md. He and James Downes, of Alexandria, tied in the finals for first place, and a special series of tilting was held to play off the tie, in which Love won, after a sharp contest.

The winners in order were;

Lucien D. Love, Prince George's county, Maryland.

W. L. Clark, Alexandria county, Virginia.

Tom Head, Fairfax county, Virginia.

John S. Blanford, Prince George's county, Maryland.

W. L. Harron, Washington (formerly of Accokeek, Md.).

The crowning of the queen of beauty, selected by the winning knight, took place in the dancing pavilion immediately upon the arrival of the evening boat. Mr. Love chose as the queen Miss Matilda Brown, of Prince George's county, Md.

It is said that a boy threw sand into the face of a horse attached to the Alexandria Steam Laundry wagon yesterday afternoon which caused the animal to run away and smash the wagon.

Baseball.

The Alexandria Athletic Club and Immaculate Conception team, of Washington, played a game of baseball on the old fair grounds yesterday. The game was as prettily contested as any seen in this city for a long time and abounded in good plays throughout. The features of the game were the playing of the left fielder, third baseman, catcher and first baseman for the visitors, and of Dougherty and Gray for the local team. The pitching for the visitors was of a high class order, as was that of Purcell. In the latter part of the eighth inning, with the score standing 2 to 2, and two runners out, a dispute arose over a double play, and the Immaculate refused to play the game further and left the grounds. The umpire gave the game to the Alexandrias 9 to 0. In defference to visiting teams the crowd in left field should be kept back to the foul line and not allowed to overflow on the upper end of the grounds, thus hampering the player in that position of the field. The same condition prevails on the first base line. Why not stretch ropes and keep the crowd back? The official score stood:

The game tomorrow will be between the Alexandrias and the St. Aloysius team, of the Capital City League, of Washington. The St. Aloysius team is composed of nearly all the former Norris Peters nine, which defeated the Alexandrias last year by a score of 9 to 0. The Alexandria team this year is much better form, and a hard fight for the game is expected.

The line-up of St. Aloysius team will be: Kelly, shortstop; Noyes, 3rd base; Mattingly, right field; Gates, catcher; Ricker, left field; Handiboe, center field; Fulcher, pitcher; Leonard, 2nd base; Carrigan, 1st base; Cantwell, substitute pitcher. The Alexandria line-up will be: Bright, 1st base; Dougherty, 2nd base; Ellis, short stop; Wheatley 3rd base; Bright, left field; Gray center field; Benzette, right field; Fletcher, substitute; Purcell, pitcher, and Kraft, catcher.

The Revenue Office.

Commissioner of Revenue Yerkes has written to Mr. M. B. Harlow (who is now at the Sweet Chalybeate Springs) stating that at 11 o'clock tomorrow he will again take up the question of the removal of the office of the Collector of Internal Revenue for this district from Alexandria to Abingdon. Mayor Paff has appointed a committee to go to Washington tomorrow at 10 o'clock and appear before Commissioner Yerkes in behalf of Alexandria. He has also wired Congressman Rixey to be present at the conference.

The following is the committee appointed by the Mayor who will accompany them: H. Snowden, J. T. Sweeney, C. R. Hooff, J. T. Burke, Chas. King, Thos. Smith, E. S. Leadbeater, G. L. Boothe, C. B. Marshall, Jno. May, C. J. Rixey, W. A. Smoot, Frank Lambert, Jno. M. Johnson, S. H. Lunt and any other citizens interested in the matter.

The committee will leave here on the 10 o'clock electric train. This is a most important matter and Alexandria should make a strong protest against the removal of the office. Collector Summers is not in the city and will not be present at the conference.

Strike at Navy Yard.

The Washington Union of the Brotherhood of Painters and Decorators has ordered a strike at the Washington navy yard, which went into effect yesterday. All but two of the union men obeyed the mandate and quit work. The strike was called because the authorities at the navy yard declined to raise the wages of the painters to $3.50 per diem, as demanded by the union, that being the scale for work outside the yard. The places of the striking workmen will be filled from the registration list of the labor board without regard to membership in the union.

Death of Young Ramsey.

After giving his seat to a woman friend Eddie Ramsey, a young man, stood on the running-board of a crowded Pottstown, Pa., trolley car Monday night, and while it was making a sharp turn he was thrown off, sustaining injuries that caused his death at the Pottstown Hospital. The deceased was the only son of Mr. Joseph Ramsey, of this city. He spent several years of his early life in Alexandria, and was a pupil in the Washington school. He later was employed in Mr. E. L. Allen's drug store.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A man, arrested by Officer Roberts charged with assaulting another man, had his case continued.

Wm. Hansborough, arrested by Officer Beach charged with stealing money from George Sullivan, was dismissed.

A young man, arrested by Officers Knight and Ferguson charged with disorderly conduct, was fined $2.50.

Death from Typhoid Fever.

Mr. George Davis, who had been ill of typhoid fever, at his home near Riverside Park, died yesterday. The deceased was a native of Prince William county. He leaves a widow and three children. The remains will be forwarded by Demaine & Sons to Woodbridge tomorrow for interment.

Mr. and Mrs. J. Southgate Yeaton and Miss Margaret R. Yeaton are traveling through Holland in company with Mrs. Yeaton's sister, Miss Eliza Ridgely, and Miss Freeland, who will spend the winter abroad.—[Baltimore News.

Rev. C. E. Woodson and family, of Norfolk, who have been visiting relatives in this city, left today for Monterey, Pa., to spend the remainder of the summer.

Col. Morton Marye was in the city yesterday, having come to cast his ballot in the primary. He was warmly greeted by his many Alexandria friends.

Mrs. C. F. Baggett has returned from a visit to Bluemont.

New Ferry Boat.

Mr. John Callahan, general manager of the Norfolk and Washington Steamboat Co., has returned to Washington from Wilmington, Del., where he went to look after the work on the new ferryboat building for the Washington-Alexandria route. The new boat will be launched Monday next, and will be ready for service about the middle of October. The hull of the vessel, Mr. Callahan reports, is completed and her decks and upper works are being put on and the big boiler and engine are in the shops about ready to be placed in position, as soon as the hull is in the water. Work will be hurried on the new boat in order to have her ready for service at the earliest possible moment.

Fell Into a Trench.

An infant child of Mr. Davis, living on north Royal street, last night fell into a sewer trench in the alley running through the square bounded by Royal, Pitt, Cameron and Queen streets. The trench is about ten feet deep. The child fortunately escaped serious injury.

Funeral.

The funeral of Charles Boothe Davis took place this afternoon, and was attended by friends and relatives of the deceased. The services were conducted by Rev. Mr. Jeffers and the interment was in Bethel cemetery.

LOCAL BREVITIES.

The schooner Farmers' Friend, loaded with lumber by Smoot & Co., has sailed for Bryant's Point.

One of the iron gates of the old Friend's burial ground on Queen street is off its hinges and in a dangerous condition.

The Council of Jewish Women gave an excursion to Marshall Hall today. A boat will leave at 7 o'clock this evening.

Grace, the three-year-old daughter of Mr. T. J. Thomas, died at the Alexandria Hospital yesterday from meningitis.

The four colored boys who yesterday made an attack upon Mrs. McDonald in the county are still in the county jail awaiting trial.

The managers of the ferry line are negotiating with the city for four arc lights at the new ferry house at the foot of King street.

The employees of the Southern Railway shops have formed a Blacksmith's and Helpers' Union with R. M. Prettyman as president.

Mr. Julian Taylor in another column publishes a card of thanks to those who so strongly supported Mr. Eggleston for Superintendent of Public Instruction.

Three monitors, the Florida, Arkansas and Nevada of the North Atlantic fleet have been ordered to the Washington navy yard with first-class midshipmen on board for the purpose of instruction at the naval gun factory. They will pass this city Saturday or Sunday next.

It is understood that Mr. Richard H. Johnston, of Alexandria county, will run as a republican candidate at the November election for the office of clerk of the courts for the county. Mr. George H. Rucker, the present clerk, who is a democrat, will probably have no opposition in the party.

A CARD.

To the Workers and Voters at the Primary:

Gentlemen: I should feel self-convicted of ingratitude if I did not at once express to you the most cordial thanks of Mr. Eggleston and myself for the very complimentary vote given him in this city and county. His success now seems assured. I feel confident that his administration of the office of Superintendent of Public Instruction will prove so satisfactory to those who worked and voted for him that they will not regret their efforts in his behalf. Very cordially yours,

JULIAN TAYLOR.

Dangerous and Uncertain.

For sunburn, tetter and all skin and scalp diseases, DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind, bleeding, itching and protruding piles. It will draw the fire out of a burn and heal without leaving a scar. Boils, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitute as they are often dangerous and uncertain. Sold by W. F. Creighton & Co., 401 King street.

DIED.

At the Alexandria Hospital, on Tuesday morning, August 22, GRACIE DUFFEY THOMAS, daughter of Thomas J. Thomas, aged 3 years and 5 months.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home
Which never can be filled
God in His wisdom has recalled
The boom His love had given.
And tho' the body slumbers here,
The soul is safe in Heaven.

Orange Trees.

An orange grove in full bearing is one of the most delightful sights the eye can witness. The trees are a beautiful shape if left as nature made them. The limbs come nearly to the ground, so close that an orange picker goes under the tree flat on his back and often cuts 100 oranges from the tree before he comes out. Oranges are never picked, but are cut off with shears having a spring between the handles. An orange that has no stem on it is considered a "cull" and is not packed by a first class packer.

A Chance For Science.

NOTICE TO MARINERS.—August 19, 1905. Notice is hereby given that the channels through draw of Potomac Highway Bridge will be closed during erection of draw span, commencing this date, and that all vessels passing through bridge will be compelled temporarily to pass between piers No. 6 and No. 7, being span next draw on Washington side of channel. Eighteen feet of water can be carried here at mean low tide, this minimum depth prevailing for width of one-half of opening on side adjacent to draw, the opposite half shoaling rapidly to about ten feet depth at pier No. 6. It is suggested that masters of deep draft vessels keep safely on channel side of passage and that no more than one vessel attempt to pass through at one time. R. L. HOXIE, Lieut. Col. Gosp

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

For sale and recommended by all druggists.

FAT MACKEREL for sale at 5c, 10c, and 20c each by J. C. MILBURN

Alexandria Gazette.

WEDNESDAY EVENING, AUG. 23, 1905.

A Remarkable Dwarf.

Perhaps the most remarkable dwarf on record was Sir Jeffrey Hudson, the little fellow whom Scott introduces in "Peveril of the Peak." He was born in Rutlandshire, England, in 1619.

When eight years of age he was presented by the Duke of Buckingham to Queen Henrietta in a cold pie. He afterward became attached to the court of Charles I. At one of the court masks the king's porter, a man of gigantic size, who used to torment the little dwarf, pulled from one pocket a loaf of bread and from the other Jeffrey, much to the surprise and amusement of the company present. Jeffrey was at this time only eighteen inches in height.

He remained at this stature until he was thirty years of age, after which a curious exception to the laws of growth took place, since Jeffrey rapidly grew to be three feet nine inches in height, whereas most men do not grow a quarter of an inch after the age of thirty. This dwarf had an enormous head and very large hands and feet; otherwise his proportions were symmetrical, and his face was considered handsome.—Youth's Companion.

The Useful Donkey.

In Syria, says a traveler, I saw a donkey put to an extraordinary use. One evening just before the dinner hour in our tent the Arab cook rushed hurriedly out of the door of the kitchen tent with a glass carafe in his hand. He went up to the row of donkeys, horses and packages tethered close by. Seizing the tail of the smallest of the donkeys, he hastily thrust it into the carafe, gave it two or three vigorous turns inside the bottle and then as quickly removed the unconcerned tail. Thus he had cleansed the water bottle for our dinner. It is in Syria also that the strange fashion exists of shaving the donkeys' coats in different ways, much as a lady of fashion shaves her French poodle. A choice breed of donkeys, known as "Bagdad mules," is much cherished in the neighborhood of Damascus. Their long, hairy coat, usually of pure white or pale gray, admits of fantastic clipping.

Money Hotel Cashiers Dislike.

"It is a curious habit the great American public has of wanting the kind of money that hotel cashiers dislike and have the least of," said one of those useful functionaries. "Many are the times each day that I am called upon, by ladies especially, for fifty cent pieces. Quarters won't answer. They want half dollars, though why that particular coin I've never been able to understand. No cashier cares to keep halves on hand, but always maintains a good stock of quarters and dimes, for the reason of their greater convenience. Many of the guests also beg for two dollar notes despite the fact that of all forms of currency they are the most objectionable. We never take them voluntarily and pay them out as fast as they come in."—Washington Post.

Ponderous Handel.

Handel was very large, weighing over 200 pounds. His figure was unwieldy and he rolled from side to side as he walked. His hands were so thick and ponderous that people wondered how he could play the harpsichord or organ at all. His face was red and coarse, with a long nose, thick lower lip and full chin with a dimple in it. His eyes were prominent and eyebrows very full. He was a monstrous eater and at times drank heavily. His conceit was stupendous, and he always entertained the idea that there was no music to be compared to his own. He was boorish in manner, quick in temper, and when irritated would sometimes give utterance to a robust oath in the German language. His contemporaries said he looked like a porter.

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. Leadbeater & Sons, druggists at 50c a bottle.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co

Soothing and Cooling.

The salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. Dewitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Take Kodol After Eating.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Weak Heart, Sour Risings, Bad Breath and all Stomach troubles. Sold by W. F. JEWELRY.

Rings for Everybody.

No matter what sort of ring you prefer you can surely select one to please your taste from among the trayfulls of rings we have here. We have a fine selection of signet rings in the latest and most favored designs and a large variety of handsome singlestone rings at popular prices, as well as a rich showing of the more elaborate and more expensive ones. And, besides, we can show you the handsomest line of watch chains and fobs that have ever been seen here. They are the Simmons make, which, as about everyone knows, are the standard of chain and fob quality in this country.

New York Tribune Farmer

The Tribune Farmer has no superior anywhere as a publication for farmers and their families. Everything worth knowing about the theory or practice of farming is treated by men recognized as experts in their various lines. It keeps the farmer in touch with all the latest improvement by text and pictures, and pays special attention to the work being done at agricultural colleges all over the country. Besides all this it has features to interest the women folk. The price is $1 a year. For a free sample copy send a postal card to the New-York Tribune, New-York.

N. Y. Tribune Almanac.

If you never examined The Tribune Almanac just invest a quarter for once, and see how well pleased you'll be. The 1906 one will be on sale January 1, and may be had from your newsdealer, through your local paper or direct from The Tribune office, New York.
